Dr. Debra R. Reinhart  
Associate Dean  
College of Engineering and Computer Science  
University of Central Florida  
P.O. Box 162993  
Orlando, FL 32816-2993

Subj: ALAMEDA POINT IR SITE 1 PERMEABLE TREATMENT WALL

Dear Dr. Reinhart:

Enclosed for your information are three reports concerning design and operation of the permeable treatment wall at Alameda Point, Alameda, California. The installation report, which provides detailed information on installation of the wall, is still in transit from San Bruno, California. I will provide a copy when it is received.

The enclosed documents do provide dimensional and performance information about the permeable treatment wall. The information provided will, hopefully, allow you to begin developing the specifications for the wells you will need to install.

Please feel free to contact me at (619) 532-0952, if you have any questions.

Sincerely,

RICHARD C. WEISSENBORN, P.E.  
Remedial Project Manager  
By direction of the Commander

Enclosures: (1) Technology Evaluation Report (Draft)  
(2) Passive and Semi-Passive Techniques (Draft)  
(3) Funnel-And-Gate Demonstration Data Summary Report Fourth Quarter (Final)

ENCLOSURE 1

DRAFT  
TECHNOLOGY EVALUATION REPORT

THIS ENCLOSURE WAS NOT SUBMITTED TO THE  
ADMINISTRATIVE RECORD FILE.
